**DISCUSSION/BACKGROUND:**

US 218 has been relocated from the Johnson–Washington County Line northerly and northwesterly to a junction with Interstate 380. The final segment from the Indian Hills Interchange northwesterly to a junction with Interstate 380 was opened to traffic on June 26, 1985 and was functionally classified under the State Functional Classification System on November 25, 1986. The new connection from the Indian Hills Interchange easterly to a junction with old US 218 (opened to traffic on October 14, 1983) and the old alignment of US 218 from a junction with the Indian Hills connection east and north to a junction with US 6 and Iowa 1 in Iowa City should be designated as Unsigned Iowa 921 and the description included in the Primary Road System to reflect this re-designation.

Unsigned Iowa 921 begins at a junction with relocated US 218 approximately one (1) mile south of Iowa City and travels east and north to a junction with US 6 and Iowa 1 in Iowa City.
